

A/V and Programing Services Available at MRCC

The Conference Room Audio Visual System: (No charge for the use of this system)

- This system is anchored to a built in Dell computer which is connected to the internet. You will be able to access your email files, download presentations, prayers, forms, etc. and print to the copier.
- The computer is loaded with MS Power Point, Word and Excel and Outlook.
- We have a wireless keyboard and mouse to run your programs from anywhere in the room.
- We have a retractable, 135 inch diagonal HD screen, over the fireplace.
- DVD's and Blu-ray discs will be displayed in HD quality
- We have Apple TV and Chromecast so most of your mobile devices will be able to connect with the system wirelessly.
- We have also installed the following computer programs that are available free of charge for your programing needs:

Spotify: access to hundreds of thousands of individual religious and secular songs, from rock to classical and includes full albums from many years ago and music just released.

Spirit and Song: the digital version of this popular music service from OCP will allow you to search and display songs, lyrics, music and listen to a recorded version of the song from one site.

Pandora: radio stations based on styles of music. For example there will be an all instrumental piano station which could be used for background meditation music.

YouTube: most religious songs have been recorded by some group and can be found here as well as motivational talks and movies.

Wing Clips: thousands of inspirational movie clips from many of your favorite Christian and secular films to supplement your presentations or prayer services. If you have never used this site before go to <http://www.wingclips.com> and you will be amazed.

Additional Services available at the center:
